We process high-quality polymer types that are harmless in contact with people and animals.

GEWA® Quality

The family-run company has been producing in practice for over 50 years thermoplastic and elastomer products for the German and international market and sells them to wholesalers and retailers under the GEWA brand name.

Our high-quality, tried-and-tested products for agriculture, gardening and professional equestrian sports are created in the south of Germany using state-of-the-art machines.

A large number of products can be made practical and consistently effective through individual printing to use as a promotional product.

Our products are extremely resilient - we only use high-quality polymers with a long service life, so that you and your customers can enjoy the item for a long time.

Convince yourself of our quality "Made in Germany"!

Flexibility is our strength and your satisfaction is our top priority.

We are looking forward to a good cooperation.
